

CASTORIA

for Infants and Children.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium, or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse. It causes the blood to circulate properly, opens the pores of the skin and allays fever.

The signature of *Dr. H. H. Fletcher* guarantees genuine Castoria. **Physicians Recommend Castoria.**

"I have used your Castoria in cases of colic in children and have found it the best medicine of its kind on the market." **J. E. SPANGLER, M. D.,** Chicago, Ill.

"A medicine so valuable and beneficial for children as your Castoria is deserves the highest praise, and it is in use everywhere." **J. S. ALEXANDER, M. D.,** Omaha, Neb.

"Have used your Castoria on various occasions in suitable cases and have found it a reliable and efficient laxative, especially in the various diseases of childhood." **CHAR. EDWARD GARDNER, M. D.,** Brooklyn, N. Y.

"I have prescribed Castoria to families for several years. It is all right. Mothers like it, for children will take it without any trouble." **F. GERALD BLATTNER, M. D.,** Buffalo, N. Y.

"Your Castoria is a splendid remedy for children, known the world over. I use it in my practice and have no hesitancy in recommending it for the complaints of infants and children." **J. A. BOARMAN, M. D.,** Kansas City, Mo.

Relief From Headache Is Yours If You Want It

You have only to get a box of Stearns' Headache Wafers at your druggist's and take one. They are little and tasteless. This is the most popular headache cure in the world and has been sold for more than twenty years; the only reason that so many people buy it over and over is that it does what it should—cures headache promptly, safely, pleasantly.

No one needs to suffer from headache when

Stearns' Headache Wafers (Shac)

are at hand. It is well to keep a box in the house all the time, for headaches always come without warning. This will drive them away as quickly as they came.

Stearns' Headache Wafers are so much better than others that it will pay you to insist on having STEARNS' and no other.

350 HONOLULANS LEAVE TODAY FOR EVANGELICAL CONFERENCE

Chartered Steamer to Convey Local Delegates to Lihue. The Program for Session Given in Detail—One of the Most Enthusiastic Gatherings in History of Organization.

Three hundred and fifty members of the Hawaiian Evangelical Association and their friends will attend the nineteenth annual conference of the Hawaiian Evangelical Association to be held at Lihue, Kauai, July 11-17, and will partake in the exercises and program which has been planned so as to utilize every available minute of time during the week.

At five o'clock this afternoon, the Kinohiwa will take two hundred prospective attendants to the convention, while the one hundred and fifty delegates have chartered the Claudine which will leave tomorrow afternoon for the Garden Island with nothing but delegates on board.

The Sunday School and Christian Endeavor Association members are nearly all members of the Hawaiian Evangelical Association and the convention has been planned so that the Sunday school and Endeavor societies will be able to hold their annual conferences during the same time.

Pleasure has been combined with business so that lunches, excursions, hikes, and picnics with outdoor games and recreations may be alternated with committee meetings, reports of associations, and Sunday School rallies.

First Session Thursday. Thursday is the first day of the convention and will be taken up with passing on credentials and appointments of committees. Committees to be appointed are on business, petitions, necrology, and island associations. The first session of the Hawaiian Board will commence at 2 P. M. and will be followed by a meeting of the Sunday School Association.

Friday's program opens at 6:15 A. M. with a sunrise prayer meeting and concludes with a Sunday School rally at 7 P. M. In Bible Study work, separate meetings will be held in Japanese, Hawaiian, and English.

The sunrise prayer meetings of the convention will be daily features and a rally will be held every evening at seven, except upon Wednesday, July 17 when the conclusion closes at noon with song, prayer and benediction.

HUMAN VOLCANO DRIVES SLEEP FAR FROM Y. M. C. A. DORMITORY

Somewhere within the confines of the Y. M. C. A. dormitory, invisible, but none the less perceptible to the ear, is an active volcano whose threatening growls and roars terrify the dormitory inmates nightly, according to twenty-four tired but determined youths who spent the greater part of last night, stalking the upper halls in an effort to find the grumbling, growling snorer.

It was Sunday night that his presence was first made felt. Several heard the warning sounds simultaneously, and in a few minutes there was a grouping of white-robed figures standing in the middle of the long hall and clutching each other for self-protection.

"It's a saw-mill," said Wisdom. "No, I think that is probably the Honolulu somewhere off San Francisco," said another.

But as the sounds grew more menacing and a slight tremor was felt by the watchers, both theories were abandoned and it was decided that there must be a volcano somewhere in the neighborhood.

The tremors grew fewer and farther between; the growls became less insistent and the groans less audible and finally died away altogether, and the little group dispersed.

But last night the threatnings became louder and more insistent than ever before, and with the shock of the first earthquake, Wisdom jumped from his bed and arousing about two dozen of the inmates, began a systematic hunt for the source of the threatened eruptions—but without avail, for nowhere can it be located—and twenty-four sleepy-eyed inmates of the Y. M. C. A. dormitory are seriously meditating moving their couches to the roof away from all volcanic disturbances.

prepared to return home from the East, so the young lady was taken under the Governor's wing. Her father and Frear were schoolmates as boys.

Improved in Health. From his personal appearance the Eastern trip has been a physically beneficial one for the Governor. His escape from confining office work and exposure to the glare of hot pavements in the mainland cities have given his countenance a slightly darker hue. He says he feels far more fit, that he has a good time, did a lot of visiting and only regrets that the limited time at his disposal compelled him to make his visits brief at every point of interest.

ARMY SERVICE

(Continued from Page 1)

Guard of Hawaii, who has satisfactorily completed the course in the Field Service School for Medical Officers, session of 1912.

Lieut. Col. Charles B. Cooper desired that this certificate be forwarded him through military channels.

Under paragraph 52, of the above order, I have the honor to report that he is regarded as well qualified to perform and instruct in the duties of medical officers and sanitary personnel in the field. It is recommended that he be specially detailed to undertake and have charge of the instruction of the sanitary personnel of his State, in the subjects of sanitary organization, sanitary tactics, and sanitary field work. His appointment to a superior administrative position under the Medical Department in the field, in any volunteer forces which may be raised, is recommended.

Very respectfully,
E. L. MUNSON,

Major, Medical Corps; Director, Field Service School for Medical Officers.

Miss Castle's family was not quite

value, the same basis on which the previous notation was taken.

He gave the treasurer a list of prospective bidders. The latter's first work will be to place advertisements in the financial papers, to prepare and issue a prospectus and get in touch with the prospective bidders. Copies of the legal opinion on the bond issue will be prepared, the bonds must be lithographed, and blank tenders prepared and presented to the bidders. All is to be completed, the tenders returned, accepted and the bonds ready for the transfer when September 1 arrives.

Ordinarily the date of issue would be September 1, but that date this year occurs on Saturday, and the transfers could not all be made and the business completed on that day, hence the later date.

New Date Satisfactory. "Dating these bonds in September is highly satisfactory," said the Governor, "as it will distribute the interest payments of the Territory in good form. Interest payments at present fall due almost every month in the year except September. Interest on the new issue, coming in September, therefore, will not make their payment burdensome."

"Much of my time henceforth will be given over to the final preparation of plans for public improvements in the islands. We hope to have working plans in form and contracts let so that actual work may begin the moment the funds from the bonds become available."

The Governor returned home as one of a family party of six. With him were his wife and two daughters, Miss Stewart, the family nurse, and Miss Elinor Castle, daughter of Henry M. Castle.

Miss Castle's family was not quite

port of committee on island associations; reports of special committees; other business.

10:30-12 a. m.—Discussion, "Evangelism as a Recruiting Agency." Messrs. Hori, Poepe, Whitaker and Yee Kul.

2 p. m.—Second session of annual meeting of Hawaiian Board.

2:30-3 p. m.—Sunday school association.

3:30-5 p. m.—Christian Endeavor association.

7 p. m.—Lawn social with music.

Wednesday, July 17.

6:15 a. m.—Sunrise prayer meeting. "The Master's Blessing"; Luke 24:50-53. Leaders, Revs. W. K. Poai and D. Kaal.

8-9 a. m.—Bible study, "The Abiding Christ"; John 14:15-23. Separate meetings in different languages—English, T. Richards; Hawaiian, Rev. S. W. Kekuewa; Japanese, Rev. T. Ban.

9-10 a. m.—Election of moderator, vice-moderator and scribe; appointment of place for annual meeting for 1913; appointment of committee on program and on entertainment.

10-11 a. m.—Sunday school association.

11-12 a. m.—Christian Endeavor association.

12 a. m.—Song, prayer, benediction.

The rumored revival of the afternoon drawingroom, contemplated by Queen Mary, is not looked upon with favor by English society. Full court dress in mid-afternoon does not enhance the charms of middle-age.

The German government has been petitioned by the jewelry trade of that country for protection against the sale of "synthetic" precious stones, which only the most expert can detect from the real.
